Dear Anthony,

As we are now nearing the completion of the new Orion Bus Industries Ltd Manufacturing Plant, I would like to personally extend my thanks to you for your involvement and your company's professional cooperation with the personal assistance that you have provided during our association together.

Always your company and you have demonstrated a very high professional approach and I have no hesitation in recommending you as a contractor for any project you wish to undertake.

The \$170,000 for the contract of aluminium windows and doors that your company has carried out on the new \$12M manufacturing plant has been done in the time required and to the high standard that our company requires.

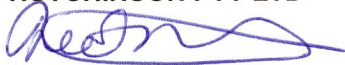

I will ensure that my comments will be forwarded to Orion Bus Industries Ltd on behalf of your company's involvement and recommend that in the future that you will be called upon should your company be required.

I have always ensured that your professional opinions and requests have been carried out to the best of my ability. As you are now aware of my personal position as Construction Manager with Hutchinson Builders (Australia) in association with Orion Bus Industries .

Again my sincere thanks to you for all of your dedicated assistance in helping me successfully complete this new manufacturing facility.

Yours sincerely,

J HUTCHINSON PTY LTD
